## The Village Hall Road Show

14th October -  
16th November 2002

Ideas about the countryside influence debate about national identity, modernity and ideals of citizenship. The Village Hall Roadshow is an art and film programme that toured five North West village halls earlier this year. The exhibition includes work by five contemporary artists and a specially designed mobile cinema showing films and documentaries. Special events are linked to the exhibition. Contact the Museum Office for details.

## Simonetta Moro Reconstructing Babel

12th October –  
16th November 2002.

Italian artist, Simonetta Moro, currently working on a PhD in Fine Art at the University of Central Lancashire, uses the Harris building and collections to interpret the story of the Tower of Babel. By placing subtle interventions in seven 'zones' in the Harris, the artist invites the viewer to see parts of the collection and the building in a new light.

Exhibition continues at the University of Central Lancashire.
